ABOUT THE COMPANY

Quient training is an enthusiastic group intended to train students in colleges that are denied the privilege of Placement training, A group of Enthusiasts now have a vision of training students that don't have access to placement training that can help them get placed, and thereby build their future.

OVERVIEW OF THE PROJECT

Project Name: Quient Technical and Placement Trainings
Website for Bionic

Team Members: CHETHAN U V

Bachelor of Engineering in

Mechanical Engineering

CMR   INSTITUTE   OF   TECHNOLOGY   ,
BANGALORE

This project is based on Web Development And its Applications. The main objective of this project is to learn the implementation of HTML , CSS and Javascript.

ABOUT

THIS COMPANY AIMS AT DOING THE FOLLOWING ACTIVITIES ,KEEPING THE BEST INTEREST OF STUDENTs IN MIND.

        <h1>About Us</h1>

        <p><b>Why is Placement training important:</b>Why is Placement t
raining important:
            Placement training plays a major role in shaping up the career
goals of students. It is
            the dream of every engineering student to get placed in a top
organization visiting             their campus for recruitment. Keeping
this key aspect into con sideration, it is realized
            that training is important for engineering students to enhance
their employability skills
            and achieve good placement in various Industries
```

At present, the competition for employment is increasing every day and placement has

become a challenging task. Training students and equipping them with life skills has become an important responsibility of the institution. Along w ith technical expertise, the development of a holistic personality is also necessary. </p>

<p>Quient training is an enthusiastic group intended to tra in students in colleges that are denied the privilege of Plac ement training, A group of Enthusiasts now have a vision of trai ning students that don't have access to placement training that can help them get placed, and thereby build their future.< /p>

About Us

Why is Placement training important: Why is Placement training important: Placement training plays a major role in shaping up the career goals of students. It is the dream of every engineering student to get placed in a top organization visiting their campus for recruitment. Keeping this key aspect into consideration, it is realized that training is important for engineering students to enhance their employability skills and achieve good placement in various Industries At present, the competition for employment is increasing every day and placement has become a challenging task. Training students and equipping them with life skills has become an important responsibility of the institution. Along with technical expertise, the development of a holistic personality is also necessary.

Quient training is an enthusiastic group intended to train students in colleges that are denied the privilege of Placement training, A group of Enthusiasts now have a vision of training students that don't have access to placement training that can help them get placed, and thereby build their future.
